

Daniels Healthcare

SHARPSGUARD® *eco pharmi range*

Giving plastic a new life

REDEFINING SUSTAINABILITY

A Mauser Packaging Solutions brand

Our vision is to be the most innovative sharps and clinical waste solutions company in the UK and Europe, providing safe, sustainable and cost-effective solutions to the healthcare sector.

As a key supplier to the NHS, we work in close partnership with healthcare providers to ensure our product development is aligned with front-line needs. We whole-heartedly champion the focus on reducing environmental impact and collaborate with the NHS to help it to deliver its sustainability goals.

86%

Our research revealed that 86% of our healthcare customers said that sustainability was very important to their organisation.

Launching our first innovative step in our long-term strategy to reduce single use plastics across all ranges to reduce the impact on the environment.

The SHARPSGUARD® eco pharmi range

The first sustainable product offering from Daniels Healthcare, designed for the disposal of pharmaceutical waste in its original packaging, while still meeting the highest quality and safety standards.

Sustainability benefits of SHARPSGUARD® *eco pharmi*

100%
Lid and base made from 100% recycled plastic*.

A 280 tonnes reduction of single use plastic within Daniels Healthcare = that's the weight of 80 ambulances.

280 tonnes

284 hours
Quicker manufacturing times means more containers in less time = saving 284 hours of energy consumption.

200°
Manufacturing temperature reduction of 10% from 220°C to 200°C = less electricity consumption.

*Except the purple lid

Flat lids and containers are stackable = storage and transportation efficiencies.

No extra cost to customers = a sustainable product while maintaining value for money.

Product overview

SHARPSGUARD® *eco pharmi* is the next evolution of the current pharmi range.

- ◆ Same product codes
- ◆ Same price
- ◆ Same supply routes

- ◆ SHARPSGUARD® *eco pharmi*, with the blue lid, is for the disposal of pharmaceutical waste in its original packaging.

- ◆ SHARPSGUARD® *eco cyto pharmi*, with the purple lid, is for the disposing of cytotoxic or cytostatic pharmaceutical waste in its original packaging.

- ◆ Three sizes of container to suit your needs – 5, 11.5 & 22 Litres.
- ◆ Extra access lids available on the 22 Litre to facilitate disposal of larger items, such as medicine bottles.
- ◆ These containers are for disposal by incineration or other authorised process and is designed for the consignment of waste categorised by the following EWC codes:

blue lid 18-01-09 & 18-02-08;
purple lid 18-01-08* & 18-02-07.

Mauser UK, trading as Daniels Healthcare, manufactures and markets sharps and clinical waste containers for hospitals, surgeries, councils and the clinical waste industry.

We are the leading provider of sharps and clinical waste containers to the UK healthcare sector.
