

WIVA™ Click lid

Northern Ireland Range

1 - The porthole door is designed so the container can be temporarily closed in-between uses.

2 - To insert the door, align the arrow on the door with the arrow on the lid.

3 - To engage the temporary closure turn the lid until the arrow on the door aligns with the open padlock.

4 - To engage the final, permanent closure turn the lid until the arrow on the door aligns with the locked padlock.
